

Governor Pen Portrait

Name: Kellie Jones

Type of Governor: Parent Governor

I became a Governor because I had children in the school and wanted to have input and become more involved in the day to day workings of the school. I am a parent of 2 children one of which has SEN so I was keen to share my knowledge and experience of how things had gone for us within the system and have impact of future developments around SEN at Courthouse Green.

I am currently the Vice Chair of the Governing body. I am also currently the Link Governor responsible for Governor training and am the SEN Governor

Relevant experience

I have been a governor for almost 3 years now and during that time I have learnt a significant amount of useful knowledge to support my role as parent governor. I have volunteered at Courthouse Green for a number of years and have first hand experience of supporting within the classroom setting. Having a child with SEN has taken my life onto a very different path and I am involved in running a parent support group and am the Chair of The One Voice Parents Group. I have worked with many service providers over the years to help develop services and provision for children with SEN in Coventry. Being a parent of a Child with SEN I now have extensive awareness and experience of the challenges parents face and extensive knowledge of the current code of practice and graduated response in respect of SEN.

All about me

I am a married mother of 2 lovely boys, and I work part time. Over the last few years I have gone back to study. After completing my teaching assistant NVQ I wanted to progress and learn more. Last year I successfully completed a Child Psychology Certificate at Warwick University and am currently working towards my Degree in Childhood Studies. I am an active voluntary member of The Coventry Action for Autism Group and support many parents through my knowledge and experience of living in their shoes. I believe and am passionate that all Children should be able to reach their full potential whatever their situation and as a Governor I will strive to support the school so that "Every Child Matters".
