# Reading scaled scores 2018

This chart shows the distribution of total marks achieved by pupils in the school compared to the national.

Cohort = 87 One pupil relates to 1.1 percentage points.

In 2018, 74% of pupils achieved the expected standard, 2 percentage points below the national. This difference was not statistically significant.

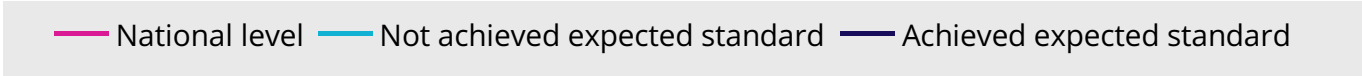

**Notes:** The plotted national line is the national reading percentage multiplied by the school reading attainment cohort at each average scaled score interval. For further information on methodology see [www.gov.uk/government/collections/using-ofsteds-inspection-dashboard](http://www.gov.uk/government/collections/using-ofsteds-inspection-dashboard)

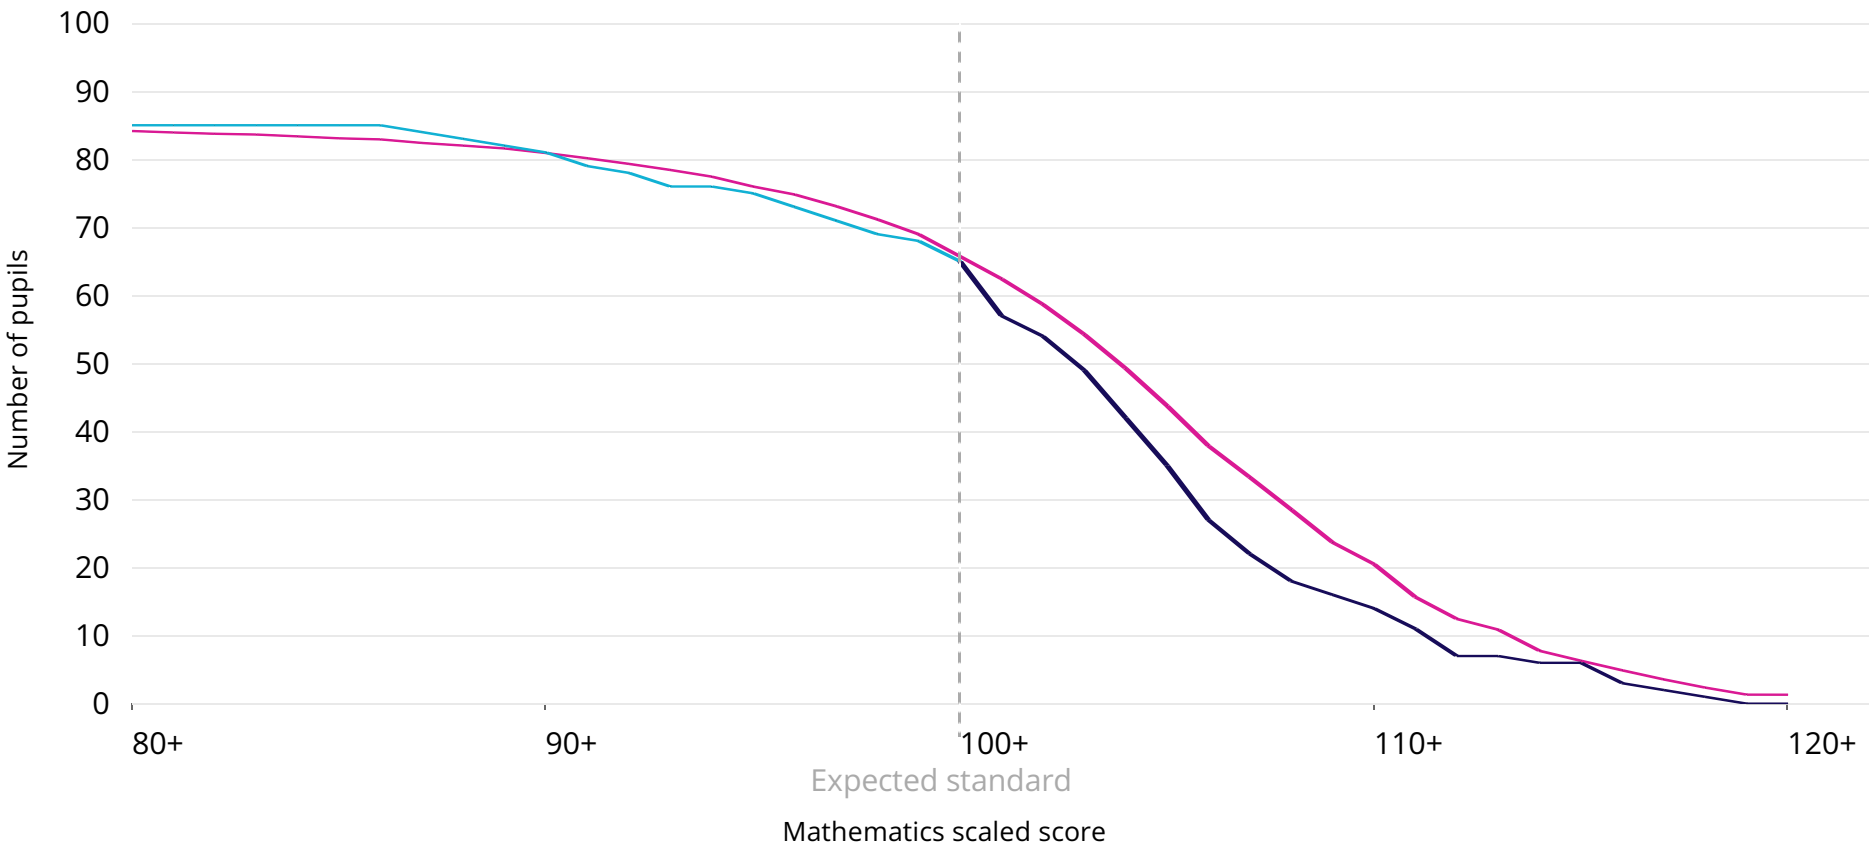

# Mathematics scaled scores 2018

This chart shows the distribution of total marks achieved by pupils in the school compared to the national.

Cohort = 87 One pupil relates to 1.1 percentage points.

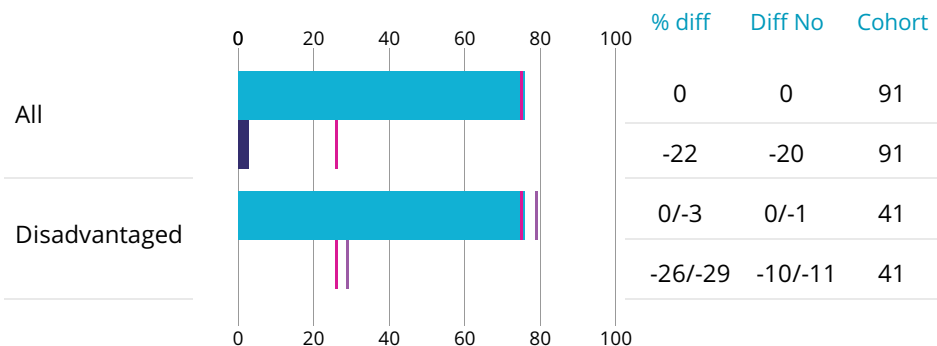

In 2018, 75% of pupils achieved the expected standard, 1 percentage point below the national. This difference was not statistically significant.

**Notes:** The plotted national line is the national mathematics percentage multiplied by the school mathematics attainment cohort at each average scaled score interval. **Note:** 'Diff no' value shows the number of pupils that the difference between school and national represents, and is always rounded down to a whole number. Disadvantaged nationals are shown as all/other (other relates to pupils who are not defined as disadvantaged). For science the only outcome of the teacher assessment was whether pupils met the expected standard. # Year 1 phonics marks 2018

This chart shows the distribution of total marks achieved by pupils in the school compared to the national.

— National level 
 — Not achieved expected standard 
 — Achieved expected standard

Cohort = 89    One pupil relates to 1.1 percentage points.

In 2018, 81% of pupils achieved the expected standard, 2 percentage points below the national proportion. This difference was not statistically significant.

**Notes:** The plotted national line is the national phonics attainment percentage at each phonics mark multiplied by the whole school phonics attainment cohort. The expected standard for phonics is 32+.
