

Speech and Language Autumn 2020

New Beginnings

Welcome back! We hope you and the children had a lovely summer holiday and are now looking forward to an exciting term of learning.

Forest school

We are very pleased to say forest school will continue this year!

Please ensure on a Friday you bring warm clothes and also wellies if you have them!

Reading

Reading books will be given to your child every Monday. These books need to be returned to school every Friday. Please try and read 3 times a week and ask lots of questions about what you have read.

Maths

Please continue to log onto TT rock stars to practice your times tables.

In literacy, Juniper are learning all about London and Europe and are reading a book called "A Walk in London". Lime children are learning how to write sentences using colourful semantics and we are starting with an "all about me" theme.

In maths, we are beginning the term by completing maths assessments to help the children build a strong number and place value knowledge. We will soon carry on with 'Maths No Problem' which the children really love. The scheme helps to promote a very solid understanding of mathematical knowledge and to develop children's mathematical reasoning.

PE kit reminder

Please make sure your child has their PE kit in school **every Monday!** There are two PE sessions every week on a Monday and Wednesday. We are no longer allowed to give the children spare kit to wear so please ensure this is in every week. We will send this home weekly so it can be washed.

Homework:

Homework tasks have changed in line with school policy this year. All homework will be completed online via Seesaw. We will post weekly maths, reading and spellings online. Reading and spellings will be posted on a Monday and maths will be posted on different days so please keep checking.

A letter will be sent with the code and instructions on how to access these. Please upload any work online so we are able to talk to your children about the work and they can share what they have completed with the class.
