Our Parents

During last week's parents evening the Junior Leadership Team stayed behind after school to interview parents and ask them about their experiences of our school. They wanted to ask questions which would allow us to help make changes for the better.

The findings were really positive and all parents either agreed or strongly agreed that children behaved well in the school! But there is always room for improvement: at CHG we want 100% of our parents to strongly agree that children behave well!

Statement.	Strongly agree.	Agree	Disagree
Children behave well in lessons.	63%	37%	0%
Children behave well around the schools.	63%	37%	0%
Children feel safe in school	88%	12%	0%
Children can explain how to keep safe in and out of school.	50%	50%	0%
There is an adult in school for children to talk to when worried	50%	50%	0%
The school encourages children to respect people from different backgrounds and treat them equally.	75%	25%	0%

Questions:

- What can we celebrate about our school?
- What could we make EVEN better?
- How can telling our parents about the help we get in school help?
- How often do you tell your parents about the support available (e.g. learning mentors or the sensory room or PSHE lesson)?
- Who do you talk to in school if you are worried about something?

Happening in Courthouse Green II

This week year 6 will get the chance to meet lots of different professionals as part of their Inspire to Aspire day. The day is designed to make children think about what they would like to do when they are older. It is really helpful because it gets children thinking about the skills they might need when they are adults.

Last year lots of adults came to talk about what it was like to be a doctor, nurse, musician, fire-fighter, police officer, games designer, business manager, banker...

I want to be a game designer when I am older because I am really imaginative and can create new things, and I also play lots of games. I hope to see another games designer at the inspire event although I am also interested in the other jobs.

Questions:

- What would you like to be when you are older?
- What skills do you think you will need?
- Why is important to work hard in school?
- If you were in year 6 which professional would you want to talk to?
- What would you ask them?

Happening in Courthouse Green III

Today (assuming it is the 9th) is Safer Internet Day. As you all know the internet is GREAT fun but it can be unsafe if it is not used correctly. Online games, for example can expose you to violence or bad language. You must always check its PEGI rating first! Social sites can also be a worry if you are not careful because you cannot always be sure who you are chatting too! But don't worry, this week the learning mentors will be discussing how you can enjoy the internet safely!

Questions:

- Do you check that your online gaming is age appropriate?
- Are you always sure who you are talking to when you are online?
- Who should you speak to if you are worried about it?
- Why is it important to tell your parents about what you do online?
- What should you do if the online game has no PEGI rating?
